EDUCATION

ABES Institute Of Technology

B.Tech - Computer Science and Engineering

2022 – 2025

Ghaziabad, Uttar Pradesh

SKILLS

Technical Skills

- **Languages:** HTML, JavaScript, Java
- **Technologies/Frameworks:** React.js, Bootstrap, Node.js, Express.js, Spring
- **Developer Tools:** VS Code, Canva

Soft Skills

- Problem-Solving
- Progressive
- Team Management
- Troubleshooting
- Communication

PROJECTS

My Portfolio

- Developed a fully responsive personal portfolio website using React.
- Implemented interactive features with JavaScript, including project filtering and real-time updates.
- Applied performance optimizations like lazy loading and code splitting for faster load times.

Shipment Tracking Management System

- Built a dynamic, responsive interface for shipment tracking using React and JavaScript.
- Integrated real-time data updates with state management to display shipment status.
- Designed a user-friendly dashboard with filters and search features for efficient shipment management.

Secure-Login-Signup-Page

- The system ensures complete data privacy and authentication by storing user credentials securely in a MySQL database.
- Upon successful login, a token is generated by the backend and sent to the frontend, maintaining security and preventing unauthorized access throughout the session.
- Users are required to sign up before logging in, ensuring only authenticated users can access the system.

INTERNSHIP

GI Venture

12-2023 – 06-2024

AI/ML Trainee

Ghaziabad

- Developed user-friendly interfaces for AI/ML applications using HTML, CSS, JavaScript, and React.
- Integrated AI/ML models into front-end for real-time data visualization and interactive features and analyzed application performance
- Gained hands-on experience in implementing computer vision solutions using Python and deep learning frameworks.

Appz Global Tech

07-2024 - 09-2024

MERN Stack Developer

Noida

- Developed full-stack web applications using MongoDB, Express.js, React, and Node.js (MERN) to deliver responsive and dynamic user experiences.
- Collaborated with cross-functional teams to design, develop, and deploy scalable solutions, ensuring optimal performance and user satisfaction.
- Conducted code reviews, debugging, and optimization to improve application efficiency and security, following best practices in software development.

CERTIFICATIONS

- Web Development and Designing
- AI/ML Training
- Webtech Course
- Java Course - Mastering the Fundamentals
